

RUBIO ECO RETREAT

There's a choice of backpacker rooms with a shared bathroom, 1 bedroom bungalows with en-suite and a 2 bedroom family room with up to 6 beds. All rooms have mosquito nets to keep the bugs out at night.

Rubio Eco Retreat is set in a 180 acre plantation, 220 kilometres or a 3 hour drive south east of Kavieng.

Air Niugini flies to Kavieng daily from Port Moresby with connections from Cairns and other Australian cities.

Surfers will find some of the best breaks in PNG, all within 30 minutes of Rubio. The best time is from November to March, when the NW winds are blowing. There are 15 breaks which are surfed on a regular basis, with 10 others on standby

For families, there are safe creeks and streams for the kids to swim, and a beach out the front to snorkel or surf. For the fitness minded, you can ride or trek up the hillside to take in the breathtaking views to the islands.
